

Journey of a Student under ASCENT

- MODES OF CREATING AWARENESS AMONG THE YOUTH**
- Field Mobilization
 - Digital Marketing
 - Mass Media
 - NGO Partners
 - Student Referral
 - Outdoor Marketing

21

I want to acquire essential skills, secure a rewarding job and create a brighter future for myself and my family.

22

Maya starts her journey as a budding Allied Healthcare Professional and celebrates with her family.

We are so proud of you! This is a wonderful opportunity!

23

Maya attends her first day of class at the SMART Academy, excited to start her journey.

24

How was your first day at the Academy?

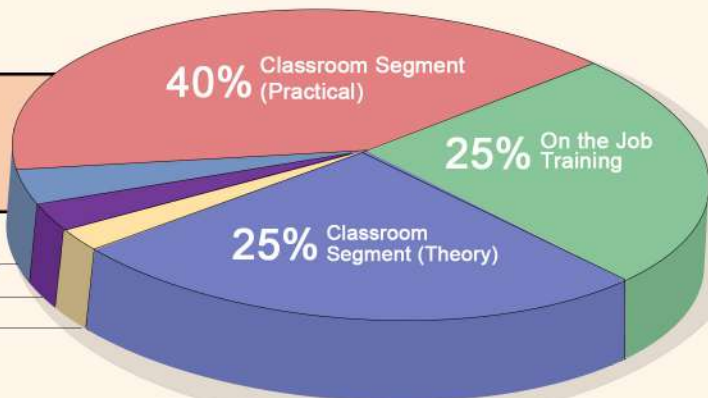

Superb!

25

The academic curriculum is a mix of practical field work, theory and many other elements:

- 05% Field Work Segment (Community Engagement)
- 2.5% Extracurricular Activities
- 2.5% Assessment

26 Maya actively participates in class.

27

28

29

30

Maya collaborates with her classmates on team projects, developing teamwork and communication skills.

Digital interventions under PROJECT ASCENT

To enhance teaching and learning experience and build both capacity as well as future employment opportunities, ASCENT is working on a focused set of digital interventions as following:

AR/VR/Metaverse

The project integrates technological interventions, such as Augmented Reality/Virtual Reality (AR/VR) Curriculum, Metaverse and Online Learning.

Learning Management System – ATINGI

ASCENT is leveraging ATINGI, a digital learning platform to offer innovative e-learning services to reach the target youth sector more efficiently and effectively.

31 Maya attends a mock interview for workplace readiness.

32

Maya starts her on-the-job training at a leading hospital, putting her newly acquired knowledge and skills into practice.

33

Welcome onboard, Maya! We're excited to have you in our team.

34 Maya works with patients, gaining valuable experience and confidence in her abilities.

I'm so grateful for this opportunity. I'm learning so much from working on these during on-the-job training.

35

Maya receives positive feedback from her supervisor on her performance and contributions to the team.

On-the-job training is an important part in the learning process of the program.

Maya, you've been doing an excellent job! Your skills and dedication are impressive.

36

Maya graduates from the SMART Academy with flying colors, receiving her certificate of completion.

37

I did it! All the hard work paid off!

38

Maya attends an interview at one of the leading hospital.

39

We're impressed with your skills and experience. We'd like to offer you a position as a 'Medical Lab Technician' at our hospital!

42

Maya mentors a younger student, inspiring her to pursue a career in technology.

40

Thanks to **Project ASCENT**, I have the skills and confidence to achieve my dreams!

41

Maya returns to the SMART Academy for an alumni meeting, sharing her success story with current students.

Project ASCENT gave me the opportunity to transform my life. You can do it too!

43

I want to be successful like you!
What advice do you have?

"Believe in yourself,
work hard and **never**
give up on your
dreams."

44

45

Maya reflects on her journey, feeling grateful for the support she received and determined to give back to her community.

This is just the beginning.
I'm excited to see what the
future holds!
